-  There are lessons
-  There are no lessons
-  Parent-child exam lessons
-  Exam
-  Summer camp (subject to registrations)
-  Championships all ages (subject to registrations) – on these days there are no lessons!
-  Adjusted summer schedule (we do not have a summer break, see our general terms and conditions))

EXPLANATION AND PROCEDURE FOR EXAM REGISTRATIONS

Exam registration periods

Exams in October 2025: Exam registration is open from September 8 through September 21.

Exams in February 2026: Exam registration is open from January 12 through January 25, 2026.

Exams in June 2026: Exam registration is open from May 18 through May 31, 2026.

Once we receive and process your registration, we will send a confirmation by email. A second email or WhatsApp message with the time schedule for the exam will follow later. Time blocks will only be assigned after all registrations have been received. You will be notified once the schedule is finalized.

Important: Please do not inquire about the schedule via email or WhatsApp in advance.

If you intend to take the exam, it is advisable to keep the relevant day free. We will do our best to share the schedule as soon as possible.

Exams up to and including the yellow belt always take place on Saturdays and always start after 14:30 due to regular classes. On Sundays, the exam schedule is based on belt color: exams begin with the lower belts and end with the highest belts. Exams from the yellow-green belt and higher always take place on Sundays. Exams from the red belt to the black belt are scheduled at a different time because of the intensity of the exam and the accompanying ceremony.

Important: It may occur that exams for the red belt and higher still take place on a Sunday exam day, depending on the number of registrations for that specific day.

Exams for Bonkukkum sword fighting and archery are held on different dates. The exam cards also include theory starting from the green belt level. For youth exams, certain exemptions apply; these will be explained during the exam preparation lessons. The exam cards are intended solely for the members themselves and do not need to be brought to the exam.

Each season offers three exam opportunities, but it is not possible to participate in all three. Most participants take one to two exams per season, depending on how many times they train each week. Payment for the exam is made on the day itself via debit card (PIN). During the exam, a maximum of two spectators per family is allowed due to fire safety regulations and agreements with the municipality.

Registration for an exam can only be done via email:
examen@chungdokwan.nl.

Please make sure to check the email address carefully before sending your registration!

Parent-Child exam lessons

The parent-child exam preparation lessons are meant as additional support leading up to the exams. We provide extra tips, there is time to ask questions, we practice together, and there is an option to film for training purposes. These lessons are scheduled three weeks prior to the exam, giving you enough time to practice and, if needed, register for the exam.

The scheduled weeks for these lessons are:

Week 37 (September 8–13, 2025)

Week 3 (January 12–25, 2026)

Week 21 (May 18–31, 2026)
